Reference:- Letter from the President, Taluk Board
Mangalore R.O.C.No.1863 M.T.B of 32 dated 11-1-33.

Submitted.

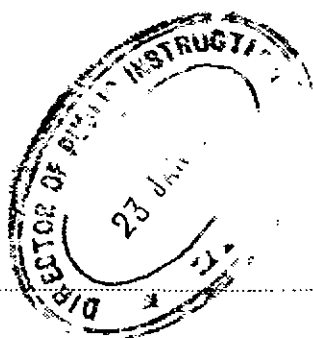

2.(a) I am in favour of levying fees in all schools as
I consider that nothing stimulates the interest of the
parent in the working of the school so much as the
payment of a fee however small it might be. the
indifference of the average parent to elementary education
arises largely out of the fact that education is free.

(b) Rule 73 (i) of the Madras Educational Rules
requires local bodies to collect fees at standard rates
from all pupils other than poor girls but empowers them

then at their discretion to admit Muhammadan boys at half rates and depressed class and backward class boys free.

(c) The Taluk Board's first proposal is to collect fees from such standards of elementary schools as were hitherto exempt. (viz. standards 1 and 2) and from the backward class pupils (except Adi-Dravidas and Mappillas) who were hitherto exempt. The question that arises is whether they should admit Adi-Dravida boys free but not other depressed class boys and admit Mappillas free but not the backward class boys. The board is doubtless quite familiar with the economic position of the different depressed and backward classes and should be able to decide fairly which classes can and which cannot afford these small fees. The taluk board being an elected body, the public can express its disfavour in a positive way if the board in its choice of classes for exemption is making an error of judgment. In view of the above I support the proposal.

The Director of Public Instruction, Madras.

Sir,

Government having ordered that the charges on account of contribution towards the Provident Fund of teachers have to be borne by the Taluk Board from the current year, it has been found difficult to balance the Elementary Education budget. This charge was, till the end of previous year, incurred by the District Board. In spite of the fact that the scale of teachers under this Board is far below that fixed by Government, a general cut of 5% has been enforced by the Board and no increments are paid to these teachers from August 1931. I find no other source of re-

2. Fees from the 1st and 2nd standard pupils of the Elementary schools under this Board had been abolished since 1926-27. Now it has been proposed to levy fees from the pupils of these standards as also from backward class pupils attending all standards excepting Ad-Dravidas and moplas who are very backward in Education. No fees will also be levied from girls of all communities. It has also been proposed to grant concession of free and half free scholarships according to circumstances to poor pupils up to a limit of 20%. By levying these fees, the Board will be able to derive an additional income of about Rs 2500. This is just enough to square up the Elementary Education budget for the ensuing year.

3. There are several well-to-do persons belonging to the backward community and the fee ranging from one anna to eight annas in the highest class viz., VIII standard will not in any manner come in the way of the Education of these backward class pupils. The concession up to a limit of 20% proposed to be given will help the poor pupils.

4. In the above circumstances I have the honour to request that Government may be pleased to approve of the action of my Board to levy fees from backward class pupils except Adi-dravidas and moplas.

5. I beg to enclose a copy of the Taluk Board's resolution in

I have the honour to be.

Sir

Your most obedient servant,

Mangalore.

Under rule 73 (iii) of the Mysore
Act, the local bodies are empowered
to abolish fees in elementary schools
provided that they make their own
contribution to the E.E. Fund by an
amount equal to the fee income
foregone. The Taluk Board, Mangalore,
